Venue Note. For one day every 2 years the Rowland Flat Airfield becomes the busiest Airfield in SA, the rest of the time it is a wheat paddock with a natural surface runway on it. Permanent pathways and structures are not possible. This means that all the facilities are temporary, portable and easily removeable. These conditions make providing ideal accessibility facilities difficult but we make every effort to provide a safe, useable and inclusive venue for all people.

## Getting there

### Public transport

- Limited bus service between Gawler and Nuriootpa.
- The nearest stop is on Barossa Valley Way, about 1 km from the airfield entrance

### Taxis

Barossa and Light Cab Services. 0400 631 631

### Parking

- Accessible parking is available.
- An accessible drop-off zone close to the main entrance is available

## Arrival

### Outside pathways to the main entrance

- The venue is an airfield that has minimal facilities. Access to the grounds can be uneven. A pathway will be cleared to the entrance gates but it could still be an uneven surface.

### Entrance

- The Airshow Airfield will have the entrance area mowed but could still be an uneven surface.
- The entrance is through lines marked with bunting and pegs. No doorways.

## Getting around and joining in

### Special event

- An accessible drop-off point is near the main entry to the event.
- The area will be mowed but could still be uneven.
- 5 Accessible Toilets will be on the Airfield and will be clearly marked.
- Most service counters will be portable tables at approximately 700 mm. Some of the vendors facilities may not have a low-level service point.
- There is a designated accessible viewing area.
